## About the Founder

I began my career at the iconic Copacabana Palace, where I discovered my passion for tourism and hospitality. With a degree in Tourism and Hospitality and a postgraduate specialization in Business Management, I soon immersed myself in the world of high-end service.

In 2016, I founded Up Experiences, starting in Rio de Janeiro by hosting the Meghalaya delegation from India during the Olympics. Since then, the company has grown internationally, focusing on Doha, Dubai, Abu Dhabi, and Rio de Janeiro.

I have had the privilege of serving as an Accommodation Specialist for the FIFA World Cup in Qatar, assisting Brazilian clients during one of the world's largest events. Today, as CEO & Founder of Up Experiences, my entrepreneurial journey is centered on leveraging technology and expanding guest experiences, particularly in Doha and Dubai.
